

GO! HEALTHCARE

# OPTIMISE PROCESSES AND EXPLOIT POTENTIAL SAVINGS

**GO!**  
EXPRESS & LOGISTICS

# REDUCE COSTS THROUGH OPTIMISED LOGISTICS

Healthcare is increasingly facing enormous cost pressure and a shortage of skilled workers. The workload for doctors and nursing staff is on the rise, administrative work is increasing, while time for individual patients is getting shorter and shorter. GO! helps to relieve the stress on your employees and reveal potential for savings. With tailored logistics solutions and supply concepts which we coordinate precisely to your individual needs. From fast, on-schedule transport and warehousing solutions to value-added services and 24/7 emergency services.

## Medical transport and warehousing

- Just-in-time deliveries
- On-Demand deliveries
- Direct deliveries with the shortest delivery times
- Deliveries to the place of use
- Storage in accordance with regulatory requirements
- Transport of passively temperature-controlled containers

## Value-added services

- Ward and operating theatre supply
- Mobile module supply
- Cabinet and shelf services
- Logistics solutions for drugs, sterilised equipment and laboratories
- Replacement/return services
- Personal handover
- Identity verification
- Mailbox emptying and internal mail services

## 24 / 7 emergency services

- National emergency service
- 24 / 7 service availability 365 days a year
- Comprehensive network of emergency storage facilities
- Proactive delivery notification
- Installation, repair and service tasks conducted directly on site
- Development of contingency plans

## Benefits for you:

- Reduced use of resources and storage areas
- Your staff are relieved of non-care duties
- A complete supply chain is ensured
- All regulatory requirements are met
- GDP compliance and quality management in accordance with ISO 9001:2008
- Joint planning, development and implementation of logistics concepts
- On-site consultation through individual point of contact
- Years of expertise in healthcare
