### Short profile:

GO! Express & Logistics is Europe's largest independent provider of express and courier services. This partner network with worldwide operations emerged from the consortium of eight regional courier and express service providers that was established in 1984. Nowadays the company has 12 shareholders and incorporates more than 100 GO! stations in Europe.

More than 1,400 employees and 1,700 drivers and couriers are on daily assignment and ensure that more than 9.7 million shipments are transported every year. Employing its "Beyond limits" motto, GO! offers a broad portfolio of logistics solutions ranging from regional courier services to worldwide express shipping. From goods, documents and particularly time-critical shipments to sensitive shipping commodities or complex logistics requirements. Tailored solutions for different industries and a wide range of value-added services complement the portfolio around the clock, 365 days a year.
